# About the University

Cihan university campus/ Sulaimaniya is a private English-speaking institution only Law in Arabic, It was approved by the Kurdistan Ministry of Higher Education and Scientific Research ( Reference Number: N302, 12-May-2011 , KRG). The university campus consists of newly built, modern, fully equipped and spacious complex of buildings which hosts its academic departments, administrative offices and student service facilities. The core mission of Cihan University/Sulaimaniya is to promote learning in Kurdistan as well as the Middle East. The university offers undergraduate students the knowledge and skills needed to succeed as persons and professionals. Our institution's core values include a belief in a commitment to advancing academic rigor, the search for scientific truth, human development.

**You are about to become part of the distinguished tradition of CihanUniversity/Sulaimaniya! Whether you are seeking to attend an academic program or improve your career potential or enrich your life through education, Cihan University/sulaimaniya is the right choice!**

**More than merely engaging minds, what we do at Cihan University/Sulaimaniya engages the whole person. Our mission asserts that education should never be confined to the classroom. CihanUniversity/Sulaimaniya is committed to the ideal of developing one's total self – intellectually, emotionally and spiritually.**

**Dr. Nawzad Badjer  
Cihan University Founder**

**Cihan University/Sulaimaniya is a place where high-performing students meet a competent and skilled faculty for a rigorous academic experience. Our aim is to achieve excellence in education that has no boundaries, complimented with commitment to students enabling them to achieve their goals. The core mission of Cihan University is to promote learning. The University offers undergraduate students the knowledge and skills needed to succeed as persons and professionals. Our institution's core values include a believing in commitment to advancing academic rigor, the search for scientific truth, human development, freedom and responsibility.**

**Assistant Professor Wahid Omer  
(Dr. Aram).  
President of Cihan University  
/Sulaimaniya**

# Your City

## Sulaymaniyah

Discover night life in, as Sulaymaniyah, Iraq with the help of your friends. Whether you're heading out for a bite to eat, exploring the parks and shopping malls. In As Sulaymaniyah you'll always feel secure and welcome.

## Safe and Fun

Sulaimanyah is one of the safest cities in the world to live, work and study. The locals are friendly, and the city's environment is very clean during the year. Sulaimanyah city means you'll instantly feel at home here.

## Weather in Sulaimnayaia

Sulaymaniyah also called Sulaimani or Slemani, is a city in Kurdistan of Iraq. Sulaymaniyah where the snow is not frequent in winter, but snow has fallen in Sulaymaniyah in January and February. It has a nice weather in summer as well.

# Your Campus

## **Cihan Campus**

Cihan university campus has numerous resources to aid your studies and make the most of your free time. Once you join Cihan University, you will be at the first step to achieve your dreams. During that time Cihan University campus will be a better choice for your community. The campus is fully facilitated to meet your requirement such as comfortable classrooms, computer Labs, football stadium, library, and others.

## **Facilities of The Campus**

Cihan University Facilities is dedicated to supporting the core educational and research missions of the University by maintaining a safe, beautiful, and functional campus environment. Doing so is no small task, and in this section you can learn about all of the types of skills and personnel that go into maintaining Cihan's campus and other University physical assets.

## **Field of the Science**

The goal of the university is to move the classroom into the field and to teach using real examples in a hands-on learning environment supported with the most up-to-date of science. All scientific courses are modified yearly.

# Student Activities

**Cihan - Univ**

**STADIUM**

The soccer pitch field is immediate eye catchers to anyone who enters the campus. The Sports Centre is located at the backside of the campus. Competition matches are played on weekends.

## Campus Cafeteria

The University cafeteria is located on the ground floor of the Faculty of Administration and Financial Science and also the West block building can be used for an early breakfast, a quick snack between classes

or for lunch and dinner.

The cafeteria is also used by students who want to socialize with friends and classmates.

# University Facilities

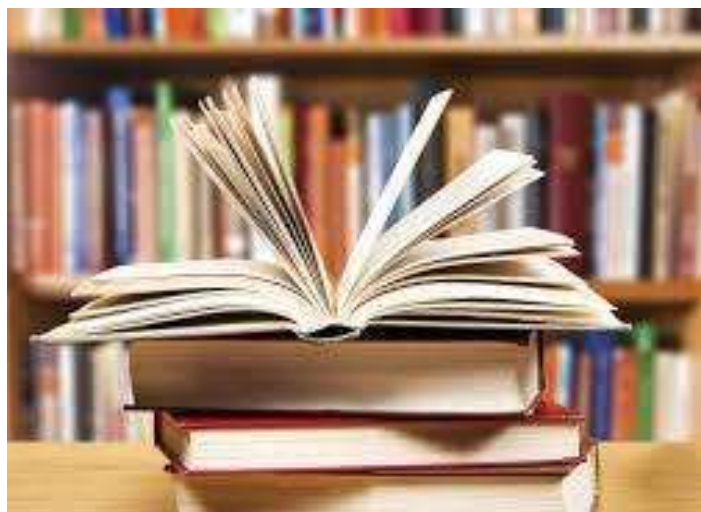

## Class Rooms

The classroom attempts to provide a space where learning can take place uninterrupted by outside distractions. Academic staff aim to provide the students with technology in classrooms and learning spaces on campus that is flexible, easy to use, and reliable.

## Computer Labs

Computer labs include Windows systems, laser printers, a variety of current software, and high-speed connections to the Internet.

Additional resources in select computer labs include flatbed scanners; audio, video, and image editing software; and web and print publishing. Some computer labs are also designed for group collaboration.

## Library

The library was established in 2011 along with the University. The Library is located at the backside of the university beside the registration office.

### Sections

- 1) Ordering
- 2) Technical
- 3) Stacks
- 4) Text Books
- 5) Lending
- 6) Reference
- 7) Computer/Internet Cell.

### Services

- 1) Lending
- 2) Inter Library Loan
- 3) Photocopy facilities
- 4) Reference Service.

# Choose Your Study

Cihan Campus offers various fields of study. The study covered with two semesters a year, except the college of Law covers yearly system. Cihan University offers a range of choices to allow you to choose the subjects in which you're most interested.

# Architectural Engineering Dept.

Department of Architectural Engineering is one of the important departments at Cihan University/Sulaimaniya. It established in 2015. It is concerned with theoretical and practical methods of processing urban, architectural interior, and landscape design. The period of study at the Department is five years. Graduates are awarded the degree of the Bachelor of architectural engineering. Our department continues to stress on the quality of education, and Faculty Members. The department has a qualified academic staff in most important areas in architecture. Modern laboratories, studios, ateliers and classrooms are well equipped.

Department of Architectural Engineering looks forward to qualifying graduates who are supposed to serve faithfully the local society and humanity. Graduates of this department are efficient to continue their study to get higher education in the different fields of Architectural Engineering, such as theory and history of architecture, design process and design methodology, building types, and a many other fields.

The department plans are to enhance the qualification of the graduate students and form a base of innovators and specialists in the field of Architectural Engineering. These specialists will have a great deal of knowledge, skills and practice in the fields of design, local architecture and all applications related to the field of architecture. This will qualified them either to work into the local or international market or to continue their postgraduate study.

# Architectural Engineering Dept.

The objectives of the Department are to:

- Provide graduates with needed qualification to augment and to develop local architecture.
- Produce graduates with the theoretical and the practical knowledge to meet the rapid cultural developments needs in Kurdistan region.
- Provide graduates with the basic knowledge to do research and continue postgraduate studies.
- Provide graduates with skills needed to be able to communicate with others individually and to work within a team.
- Provide graduates with good ethics and strong commitment to serve accurately, honestly, and hardly working into the profession.

# Law Department

The establishment of the department of law at Cihan university/Sulaimaniya coincided with the establishment of the university itself in 2011. IT has included a department of law for both the morning and evening studies. The period of time required for the study in the college is five years, after which the graduate ids awarded bachelors certificate in law and international relations. In order to provide the society with highly-qualified graduates to work in the field of law, whether they will be lawyers, investigators, judges, or any other role in the judiciary and legal spheres.

The department of law looks forward to assuming a high and well-established position among the colleges of right and departments of law in the universities of the world, and in order to be one of the most important sources of science and legal knowledge, whether in the Kurdistan region or in Iraq, so as to take part in preparing new generations capable of protecting justice and developing the legal thought.

Based on the pioneering role to be played by the department of law ,for which the department was established , the department of law is obliged to continually develop the teaching process , and create a characteristic environment of teaching , professional training , and legal research according to world-recognized academic curricula .

Department of English was founded in 2011 to have more graduates in the field of English language especially after the fast developments in Kurdistan Region. Since then it has witnessed dramatic changes as regards the academic staff, the number of students, the subjects taught, and the facilities offered. It has the morning and evening studies. The period of time required for the study is four years, after which the graduate is awarded bachelors certificate in English language.

The English Department at Cihan University/Sulaimaniya helps students build knowledge of the content and methods of English linguistic and literary studies. Our graduates are well prepared for professional and graduate study and for lifelong learning. They pursue careers in education, research, business, law, government, and publishing in both Kurdistan Region and Iraq. The Department's policies and its reading and writing intensive curriculum demonstrate our commitment to these goals.

The department seeks to achieve the following:

- To provide appropriate pedagogies - including class size - and environments (classrooms, equipment, resources, and technology) that will lead our student's attention and success as well as an increase in the number of majors and minors.
- To help students see themselves as professionals, as part of a discipline with skills and abilities valuable in the business, teaching, publishing, or post-graduate work.
- To assure that students encounter creativity crucial to English studies through readings by professional writers and their own creative and critical production and presentation.
- To balance the needs of general education - communication, diversity, global perspectives, interdisciplinary studies - with those of the major.
- To value College scholarship and service through greater support for and participation in activities of the profession.

# Admission

**Cihan University / Slemani campus offers BA and BSc. In nine different specialties , each has its own conditions for application. The are listed below:**

## **College of Engineering**

- **Architecture Department**

- In this department, graduates of only scientific branch are allowed to apply with a minimum average of 82%. Need also to have at least a grade of (140) in physics and mathematics.
- Language of study is English.
- Study mode: Morning only

## **College of Science**

- **Computer Science Department**

- In this department, graduates of only scientific branch are allowed to apply with a minimum average of 60%.
- Graduates of five-year institutes are allowed to apply if graduated from network, programming, or web design departments with a minimum average of 65%
- Language of study is English.
- Study mode : Morning only

## **College of Law and International Relations**

- **Law Department**

- In this department, graduates of both scientific and literary branches are allowed to apply with a minimum average of 65%.
- Technical institute (Management of Law department) graduates need to have a minimum average(60)
- Language of study is Arabic.
- Study mode: Morning and Evening.

# Admission

## College of Art and Letters

### • English Language and Literature Department

- In this department, graduates of both scientific and literary branches are allowed to apply with a minimum average of 65%. And a minimum degree of 65% in English.
- Graduates of five-year institutes are allowed to apply if graduated from English Language department with a minimum average of 65%
- Study mode: Morning and Evening.

## College of Administration and Financial Science

### • Accounting Department

- In this department, graduates of both scientific and literary branches are allowed to apply with a minimum average of 55%, and of the trade branch with a minimum average of 60%
- Graduates of five-year institutes are allowed to apply if graduated from Management or Accounting departments with a minimum average of 65%
- Graduates of technical institutes are allowed to apply if graduated from Banking Management or Accounting departments.
- Language of study is English.
- Study Mode: Morning and Evening.

### • Accounting by IT department

- In this department only scientific branch are allowed to apply with a minimum average of 60%.
- The Language of study is English.
- Study Mode: Morning and Evening.
